Release for Surgical Declawing

I, _____, the owner of _____ understand
(Pet's Name)
the following:

1. Declawing involves removing the entire toe of my cat along with the claw and nail.
2. The surgery is painful and requires strong pain medication, as well as many nights in the hospital.
3. After declawing, it is still possible for my cat to injure me and my belongings.
4. There can be long-term pain associated with this procedure.
5. Declawing is controversial and illegal in many places.
